

The City of Green Bay Redevelopment Authority announces a loan program for the CDBG Target Area

Authority (RDA) offers a loan program for property owners located in the CDBG Target Area. The HOME Improvement Loan Program (HILP) is for owner-occupied properties only. This program is designed to improve the quality of the housing stock in the city, as well as have a positive effect in the CDGB Target Area. This brochure will outline the general requirements of the program.

There are additional requirements that must be discussed with city staff prior to loan approval.

This loan program is a part of a major revitalization effort spearheaded by the City of Green Bay. The funding for this program is provided through the HOME Program.
